Happy tracking!

Most of my Tracks and Scat programs have been at public libraries or just the track activity used at schools after an author program.

For older students, I thought it would be fun to have them look for clues in the four books set on the 'Clue Table'.

It makes the activity more of a scavenger hunt! This is a real challenge!

Use track sheet with word bank if above is too difficult!

Animal Track Activity Directions

This is the 'Clue Table'.

Tracks are posted and numbered from 1-20.
